

Prabhat Kr Yadav

MERN Full-Stack Developer

9889061892 | yprabhat385@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Full-Stack **MERN** Developer with hands-on experience building scalable web applications using **React.js**, **Next.js**, **Node.js**, **Express.js**, and **MongoDB**. Strong in developing responsive user interfaces, RESTF APIs, and efficient backend logic. Familiar with **React Native** for basic mobile application development.

SKILLS & INTERESTS

Programming language	: JavaScript, C++, TypeScript
Frontend	: Next.js, React.js, Tailwindcss, Redux, Tailwind CSS, CSS, HTML
Databases	: MongoDB, Firebase
Version Control & Tools	: Github, Git, GitHub, Visual Studio Code, Figma
Mobile (Low Priority)	: React Native
Interest	: Full-stack architecture, scalable systems, product-based development

PROJECTS

Airbnb Clone (Full-Stack Project), Link	Nov 2025 — Dec 2025
• Technologies : React.js, Next.js, Node.js, Express.js, MongoDB, TailwindCSS, Redux Toolkit, JWT Authentication • Built a fully functional Airbnb clone with end-to-end client-server integration, including MongoDB database, RESTful APIs, and JWT-based authentication/authorization. • Developed responsive UI using React, Next.js, TailwindCSS, and Redux Toolkit, with full CRUD operations for listings and bookings.	
Attendance management system (Reac Project), Link	Aug 2025 — Oct 2025
• Technologies :- React.js, Redux Toolkit, Tailwind css ,qrcode.js jsOR, D3 ,Axios and Recharts • Developed an attendance management system with QR code-based marking, camera integration, and dual-role dashboards featuring real-time analytics, live sessions, at-risk student alerts, and trend visualization, reducing attendance time by 80%	
Admin Dashboard for Sales Tracking (React Project), Link	May 2025 — Present
• React.js, Redux, Firebase, tailwindcss, JavaScript, material.ui • Built a feature-rich admin dashboard to monitor orders, track product sales, manage client data, and add new products. Integrated real-time updates and interactive graph and pie charts for visual sales analysis with a responsive and clean UI.	

HONORS & AWARDS

3× Hackathon Winner – Tula's Institute

Winner – Institute Hackathon (CodeFusion)

- Developed a full-stack **Student Attendance ERP system** for the college using **MERN stack**, **Next.js**, and **Tailwind CSS**. Reduced attendance marking time by 80% through automated QR scanning and digital workflows.

Winner – Institute Hackathon (Art of Web)

- Building a responsive web application using **React.js**, **JavaScript**, and **React Animation libraries**.

Winner – Institute Hackathon (Appathon)

- Developed a high-performancemobile application focused on students' career growth, specially designed to help students **choose the right path after 12th while entering B.Tech**.

EDUCATION

Tula's Institute Dehradun Uttarakhand, Dehradun - Bachelor of Technology

Aug 2024 — Present

Currently pursuing B.Tech in Computer Science & Engineering at **Tulas Institute, Dehradun**.

Active participant in coding clubs and tech meetups, consistently improving skills in Full-Stack development and modern JavaScript frameworks.
